PROFESSIONAL STATEMENT

I am a Software Engineering graduate, well organised and trustworthy, who can work independently or as part of a team. I am also a quick learner who enjoys, and is motivated by, program solving. I have a strong passion for technology and consistently look to gain deeper knowledge of the latest technology trends. I have a strong interest in hardware and enjoy getting involved in activities like pc maintenance. I am currently looking to secure a position as a System Support Development Officer to gain commercial experience within an industry I am passionate about.

EXPERIENCE

July 2018 - Feb 2020 Golin Junior Back-End Developer

- Developing and maintaining web application using PHP CMS such as Laravel Nova, Pyro for the backend and for the front-end side of the application it was Vue Js.
- Using Git for version control [Fork & Pull Model].
- Reviewing other developers code on GitHub.

Nov 2016 - Dec 2016 M&C Saatchi Intern IT Support

- Installing Outlook and troubleshooting computer devices as the company was going through an Office 365 migration.
- Using a ticketing system called Fresh to complete tasks that clients were logging.

Feb 2016 - Jun 2016 FreeHolding Intern Web Developer

- Creating new project websites using Back-End programming languages like PHP and for Front-End such as Javascript, HTML.
- Maintaining and updating older websites using Word Press and for server maintenance we used linux.
